**Real-Time Bus Arrival
Text Messaging Service**

Pace customers can get real-time information about when the next bus is arriving at their stop by texting us.

How do I get the next bus arrival time?

Type **41411** as the phone number to which you are sending a text message. Then, in the body of the message, type **Pace**, then a space, then the code number you see on the bus stop sign. You should receive a reply a few seconds later.

The first time you use the service, you'll get an introductory welcome message. You'll only get real-time arrival information when you request it.

How do I know the code number for my bus stop?

The easiest way to determine the code number for your bus stop is to look on the bus stop sign. Pace is currently posting numbers on tens of thousands of signs; it may be a while before all signs have codes.

If the bus stop sign at which you regularly board does not yet have a code, you can visit Bus Tracker at PaceBus.com to look up the real-time bus arrival information for your stop and, at the same time, obtain the code number for future reference.

In addition to this text messaging service, there are several ways riders can find out when a bus will be arriving at any particular stop in the Pace service area: Bus Tracker, Bus Tracker Multi-Route Map, and email alerts. Visit PaceBus.com to find out more.
