**NEW Real-Time Bus Arrival Text Messaging Service**

Pace customers can now get real-time information about when the next bus is arriving at their stop by simply sending a text message (or "SMS") with a mobile phone.

**How do I get the next bus arrival time?**

Type "41411" as the phone number to which you are sending a text message. Then, in the body of the message, type "Pace", then a space, then the code number you see on the bus stop sign. When you send that text message, a bounce back message should come to your phone in a matter of seconds.

The first time you use the service, you'll get an introductory message saying "Welcome to Pace." You will only get real-time bus arrival information when you request it with a text message that you send.

**POSTED STOPS  
DESIGNATED BOARDING  
AND ALIGHTING LOCATIONS**

As of October 24, 2016, Route 554 operates under the Posted Stops Only policy. You will be able to get on (board) and off (alight) Route 554 only at Pace posted stop signs. Look for these instruction symbols on printed schedules.

This symbol indicates that a route operates on a Posted Stops Only policy:

This symbol indicates that a route operates partially on a Posted Stops only policy:

Some other routes also operate on a Posted Stops Only policy along the entire route. In addition, all routes that travel into Chicago operate on a Posted Stops Only policy within city limits. Pace is currently working to convert most routes in its network to this type of operation.
